

# DELTA MOLE MAPPING

## Advanced Skin Surveillance for Your Peace of Mind

### Initial Total Body Mole Mapping – £350

- Comprehensive full-body digital mole mapping
- Dermoscopic analysis of specific lesions
- Personalized consultation with our skin specialist

### Annual Review Options

*Regular monitoring is crucial for early detection of skin changes.*

#### Standard Annual Review – £250

- Re-imaging and comparison with previous records
- Dermoscopic analysis of any new or evolving lesions
- Updated flash drive with current images

#### Loyalty Discount Review – £225

- Available for patients returning within 12 months of their last mapping session

#### Prepaid Package – £580

- Covers both Initial Mapping and one Annual Review
- Offers a £20 saving compared to individual bookings

Our pricing remains competitive with UK clinics, where initial mole mapping sessions range from £295 to £544, and annual reviews typically cost between £200 and £300.
